Bank has in place Board approved Policy for Business Continuity Plan (BCP) for FY 2023-24 which stipulates Business Continuity planning as a key pre-requisite for minimising the adverse effects of one of the important areas of operational risk – business disruption and system failures. BCP and disaster management plan of the Bank play an important role in its risk management strategy and ensure business continuity and minimise losses during disruption thus strengthening Operational Resilience of the Bank.

Banks BCP gives a broader outline of procedures and processes to be followed to maintain business operation during and after a disruption and Disaster Management plan focuses on maintaining or restoring critical data and system following disruption.

Banks BCP is applicable to all the business operations of the Bank including IT & Non-IT activities, resources. Policy contains governance structure to establish, oversee and implement an effective BCP and operational resilience approach, identification of critical business, structured risk assessment, conducting DR drills and review of BCP/DRP.

The policy mentions business impact analysis, testing, training and Crisis Management strategies such as emergency response plan, backup, alternate site, recovery arrangements and communication & notification procedures. Hence, the idea of the Banks business continuity and disaster recovery plan is to maintain continuity, minimise damage and increase the likelihood of successful recovery.
